

Internet & Social Media Safety Workshop

Monday, December 14, 4:30-5:30pm

****Option to stay from 5:30-6:00 for more discussion****

In an effort to promote healthy and safe online experiences for students, this workshop will address the critical topic: Internet and Social Media Safety. Presenters from the office of Suffolk County District Attorney Rachael Rollins and the Children's Advocacy Center will review the most popular apps, sites, and games used by young people today and present the strategies included in the Stop Block Talk program. They will also discuss best approaches for talking with students about these issues. This workshop is designed for adults only.

Explore the risks and rewards of the social media platforms students use most
